IHQ Announces International Leadership Changes

Dear Brothers and Sisters,

Thank you for your constant prayers and devotion.

As you know, True Mother's hospital stay has been extended till October 20. While her legal situation is still unfolding, we remain committed to further Heavenly Parent's providence and work to realize God's dream.

Over the last year while True Mother has been detained, the True Grandchildren, Missionaries Shin Chul and Shin Heung, have been supporting the burdens of leadership through these challenging times in Korea. As you can see from the attached memo, now they are being officially appointed to leadership roles taking responsibility for the movement.

Let us then pray for them and support them. Let us work together to bring joy to our True Mother, to True Father in Heaven and to our Heavenly Parent.

May God Bless you,

Rev. Demian Dunkley
Continental Director, FFWPU North America

Re.: **Establishment of the International Headquarters; and Appointment of the Director-General of the International Headquarters and the President of the Cheonshim Cultural Center**

May the great blessing and love of Heavenly Parent and True Parents always accompany you.

Through the presentation of the Rings of Heaven's Blessing at the Cheon Won Gung Entrance Ceremony, Missionaries Moon Shin-chul and Moon Shin-heung received Heaven's seal and were thereby invested in front of Heavenly Parent as the Inheritors of Heaven's Love and Blessing. Since then, they have devoted themselves day and night to safeguarding True Mother's well-being amid her present difficulties and to ensuring that the Family Federation community continues to move forward unwaveringly in accordance with Heaven's Will.

On the foundation of these efforts, True Parents have bestowed the great blessing of appointing the Inheritors of Heaven's Love and Blessing Moon Shin-chul and Moon Shin-heung to leadership positions in central providential organizations, so that members throughout the world can unite more closely centering on Heavenly Parent and our community can be reborn in greater vigor.

Upholding True Parents' will, we therefore announce the following organizational restructuring and personnel appointments. As this marks a significant new beginning in which members of the third generation of the True Family assume official missions within central providential organizations, we ask for the sincere prayers and devotion of leaders and members throughout the world.

International Day of Peace | Elizabeth, New Jersey
On September 21, twenty-three young volunteers from Peace Starts With Me (PSWM) and the Next Generation Department of Elizabeth Family Church put their faith into action by preparing and distributing 120 hot meals to people experiencing homelessness in Elizabeth and Newark, New Jersey.
Over the course of about five hours, the volunteers cooked, prepared individual meals, organized supplies, and personally distributed the food to people in need. More than simply providing a warm meal, the project gave the young people an opportunity to connect with members of their community, offer encouragement, and affirm the dignity and value of every person they met.
The Feeding Project was organized as an expression of love, compassion, and service, inspired by Dr. Hak Ja Han's call to care for others and make faith visible through concrete acts of love.
