Monarch Report Docuseries: You're Next, Do Nothing Episode 2

Episode Two of the Monarch Report docuseries: You're Next Do Nothing is now available: Japan: The Precedent

Shinzo Abe is shot in Nara.

Japan moves to dissolve the Family Federation for World Peace and Unification, the church still known as the Unification Church.

Not on a criminal conviction.

On civil cases.

The court was careful. Only the corporation would go. Believers could still practice. Then the ruling landed, and the buildings did not wait.
Episode Two is told, in part, by members who grew up in the Church and had no quarrel with it. They describe a morning they were not ready for: locks, boxes, and liquidators at the door.

A faith they had been promised they could keep, shut out of its own churches. Behind that morning were lawyers who had been building the file since 1987. Years of attempts that failed. And the one event that finally moved the state.
Watch it. Then send it to someone who only heard the verdict.
